To County Commissioners,

As a local real estate agent I have had the privilege of listening to what Ramaco is all about and what their plans are for the land they own between Sheridan and Ranchester.

After hearing the presentation and getting a chance to ask questions, I am in support of this coming to our area. I believe that businesses like this one are just what Sheridan needs to help support and sustain the area.

I would hope that you strongly consider this company with all approvals needed to get them up and running.

Sincerely,

Theresa Bonnet-Nelson
Real Estate Professional
