Docket: R-17-004, Ramaco Rezone  
Applicant: Ramaco Wyoming Coal Company, LLC

Mr Mark Reid:

This letter is to support the pending rezone request by RAMACO Carbon and the ipark project that is coming before the P&Z board February 1, 2018.

Members of our executive Board of Directors have received information around the rezone request and support the request. From our perspective we support and encourage the economic potential benefit of the project as it is proposed. As a matter of record, The RAMACO development has been a discussion piece within our board, time to time, for several months.

We ask you and the Planning and Zoning Board to support the rezone application and enable the project to move forward to the Board of County Commissioners.

Thank you,
