Sheridan, WY 82801

Re: Support Letter for Rezoning Application filed by Ramaco  
Wyoming Coal Co., LLC.

Dear County Commissioners, Planning and Zoning Commissioners and Mr.  
Reid:

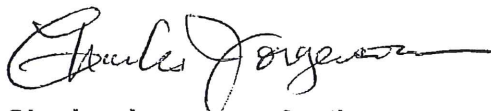

My name is Charles Jorgenson. I am a long time Sheridan County resident. As a trustee of the Charles J. Jorgenson Revocable Trust, along with several other members, I am a member manager of Jorgenson Land Company, LLC.

Our company owns lands located generally north of Sheridan along the Interstate highway. Some of our lands adjoin lands owned by Ramaco Wyoming Coal Co., LLC on a part of our north border. Our company's lands otherwise are located west and north of the Port of Entry and also east across the Interstate highway from the Port of Entry.

During the first week of January 2018 I reviewed and discussed Ramaco's pending rezoning application with several Ramaco representatives. The Ramaco representatives were ready and willing to answer our questions and to talk to me about their project and the rezoning request they have recently filed with the County. They provided me with maps and information and answered all of my questions.

On behalf of our company, and as an adjoining landowner in this area, I write to ask that Sheridan County approve the Ramaco rezoning application. We are fully in support of Ramaco's efforts and their project.

Sincerely,

Charles Jorgenson for the  
Jorgenson Land Company, LLC
